Two articles added; translated from Dutch

Several articles from Dutch still need to be translated

The page “articles” is divided into 4 topics:

1. Torah.
It means:
Instruction/Teaching,
but it is in most Bibles
translated into “law”.
2. Moadiem.
It means: Set times.

3. Antithesis.
It means: Refutation of
the statement.
4. It is said ...

For topic 3. Antithesis, two articles are uploaded. One is the article “[What is the Temple and when will it be \(re\)build?](#)” and the other is “[Can Yeshua/Jesus be “The King of](#)

[Israel?](#)”. It is placed in this topic, because the statement is “Yeshua/Jesus is the Messiah”, and most who refute this statement, believes they have found errors that ‘prove’ that Yeshua can’t be the Messiah. With these articles we’ll test if their statement is correct or inconsequent itself.

Updates

What is new on the website

The latest article is:

[What is the Temple and when will it be \(re\)build?](#) and [Can Yeshua/Jesus be “The King of Israel?](#)

More articles will be added. This will be mentioned in a bulletin, but also by checking the page “[articles](#)” you will

know if a new article is uploaded.
